Subject: Delegation related to Emergency Measures Regulations

****Français à venir****

Colleagues,

Attached is a delegation letter from the Commissioner of the RCMP which provides any Deputy Commissioner, divisional Commanding Officer, or Criminal Operations officer of the RCMP, or any RCMP member designated by them, the authority to act on the Commissioner's behalf to request that any person make available and render essential goods and services for the removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade, pursuant to section 7(1) of the Emergency Measures Regulations (EMR).

To accept these authorities, please sign and return the "Acknowledgement - Authorization of Person Acting on Commissioner's Behalf" to Annie Peladeau, Director General Corporate Accounting Policy and Control (annie.peladeau@rcmp-grc.gc.ca) as quickly as possible. Certified digital e-signatures will be accepted. Anyone accepting this delegation must also have Financial Administration Act (FAA) Section 32 and 34 authority.

This delegated authority will allow those designated to issue a compelling letter to vendors required to support the operational response required. A template for the compelling letter is attached ("Written Request for Essential Goods and Services").

Given the use of the EMR and the compelling letter, Purchase Orders and Contracts are not required, however we ask that you remind vendors that costs will be assessed for reasonableness and alignment with fair market rates before services are engaged. Once the compelling letter is issued, please provide a copy to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca) (Bronze Commander and Director General, Procurement, Material and Asset Management).

As per Section 9(1) of the Emergency Measures Regulations:

9 (1) Her Majesty in right of Canada is to provide reasonable compensation to a person for any goods or services that they have rendered at their request under section 7, which amount must be equal to the current market price for those goods or services of that same type, in the area in which the goods or services are rendered.

Once Vendors complete the work and submit their invoices, please confirm FAA Section 34 and identify the Internal Order related to the cost, based on direction issued by Financial Management. The Section 34 authorized invoice with the IO, along with the related compelling order, should be sent to France Filion (france.filion@rcmp-grc.gc.ca) Director of our National Accounting and Relocation Services Unit, as quickly as possible for processing and payment.

In terms of sub-delegations to other police services jurisdictions, there is a separate process for Ontario and Quebec. Where the RCMP is the provincial or territorial police, RCMP delegates should be compelling the service provider and following the process identified above. This process will allow the RCMP to pay for these invoices.

If you have any questions please feel free to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca), or Annie Peladeau (annie.peladeau@rcmp-grc.gc.ca) if you have any questions.

Thank you,
Jen
